Child protection is of paramount importance to our team. At Nippon UK events throughout the year, our team take photographs and videos for the Nippon UK website and for our various social media pages. If you do not wish your child's image to be included on any of these formats, please speak to a member of our team and wherever possible your child will be omitted or obscured from all formats. We would also like to point out that under the General Data Protection Regulation 2018 (GDPR) parents or guardians are only allowed to take photographs and videos of their own children, for their own personal use. Our Child Protection Policy and our Image Consent Policy will be clearly displayed at every Nippon UK event and is also available as a download on our website. The staff and management at Nippon UK cannot be held responsible for any breaches of the General Data Protection Regulation 2018 (GDPR) by other parents or guardians.
